

Call for Participation

1st Spanish Robocup 4-Legged Open

The First Spanish Conference on Computation Science (CEDI) intends to be a framework for professionals mainly dedicated to research, development, innovation and university degree teaching within the scope of the Computation Science. The CEDI'2005 has been structured as a multi-conference comprised by several Conferences, Workshops and Meetings that have been carried out in previous years in a periodic way.

One of these conferences is the Workshop on Physical Agents (WAF), which intends to be a forum for information and experiences exchange in different areas regarding the concept of agent on physical environments, specially applied to the control and coordination of autonomous systems: robots, mobile robots, industrial processes or complex systems

Inside this framework we present the first Spanish Robocup 4-Legged Open. Any team all over the world is invited to participate. Please, contact vmo@gsync.escet.urjc.es for more details and inscriptions.

Important dates:

Deadline for inscription: 1st September, 2005

Competition date: 15th September, 2005
